**THE DEPARTMENT OF HEALTH SERVICES' REQUEST TO APPOINT A
PHYSICIAN MANAGEMENT POSITION IN THE EMERGENCY MEDICAL SERVICES
(EMS) AGENCY**

In accordance with the Board's policy on management appointments, we received a request from the Department of Health Services (DHS) to appoint William J. Koenig, M.D. as a Chief Physician II, M.D., Item Number 5480A, in the DHS Emergency Medical Services (EMS) Agency. Dr. Koenig would be placed on Schedule Number M8, Step 13 of the Management Physician Pay Plan, at an annual salary of \$163,455.18 (\$13,621.265 monthly). This salary represents a 3 percent annual Physician Additional Compensation bonus of \$4,381.20 (\$365.10 monthly), a 5.5 percent annual Board Certification bonus of \$8,273.16 (\$689.43 monthly), and a 3.25 percent annual Physician Specialist bonus of \$4,760.83 (\$396.735 monthly). This position is fully funded in the FY 2003-2004 budget and the Department would like to make this appointment as soon as possible.

Dr. Koenig will serve as the Medical Director of the EMS Agency and will be responsible for providing medical direction and managing the EMS system. The Los Angeles County EMS Agency is the largest EMS system in the country. This multi-jurisdiction agency consists of four (4) paramedic provider agencies and eighty-two (82) 9-1-1 receiving hospitals. Various responsibilities of the EMS Medical Director include certifying and accrediting EMS personnel, maintaining a system wide quality improvement program, providing medical direction in disaster situations, and ensuring appropriate physician oversight and coverage at the Medical Alert Center. Additional duties consist of planning, directing, and supervising EMS medical research and consulting with public and private agencies regarding emergency medical services.

Each Supervisor
July 29, 2003
Page 2

The Department of Health Services states that Dr. Koenig is highly qualified for this position based on his substantial experience in the field of emergency medicine. Dr. Koenig is Board certified in emergency medicine and has over 27 years of experience in this field and with EMS system leadership. This includes previous employment with DHS as the EMS Director from 1987 to 1993 and experience as the Medical Director at various hospitals. Additionally, Dr. Koenig is on the Board of Directors for the EMS Best Practices Newsletter and the Prehospital Care Research Forum. Respectively, these agencies are devoted to the promotion of best practices in emergency medical services through publication and recognition of model systems and of research in prehospital care. Furthermore, Dr. Koenig has been a clinical instructor at LAC+USC Medical Center's Department of Emergency Medicine since 1984 and an examiner for the American Board of Emergency Medicine since 1981.

Based on his experience in the field of emergency medicine and unique knowledge, Dr. Koenig appears to be an excellent candidate for this position. Therefore, we concur with DHS' request to appoint Dr. Koenig to the position of Chief Physician II, M.D. at the special step 13 placement with an annual salary of \$163,455.18.

In accordance with the policy on managerial appointments, unless otherwise instructed by your offices, we will notify DHS that they are authorized to proceed with the appointment effective August 8, 2003.

If you have any questions or concerns regarding this appointment, please call me or your staff may contact Gregory Polk of this office at (213) 974-1791.

SUBJECT: **REQUEST FOR AUTHORIZATION TO APPOINT WILLIAM J. KOENIG, M.D. TO THE POSITION OF CHIEF PHYSICIAN II, M.D. AT A SPECIAL STEP PLACEMENT IN THE DEPARTMENT OF HEALTH SERVICES' EMERGENCY MEDICAL SERVICES (EMS) AGENCY**

On October 1, 2002, the Board of Supervisors instructed that all appointed Department Heads obtain the approval of the Board prior to filling an administrative or management position with an annual salary in excess of \$107,000.00. As directed in this Board policy, CAO approval is required to fill any management vacancy.

Consistent with this policy, this is to request approval to appoint William J. Koenig, M.D. onto a special step 13 placement as a Chief Physician II, M.D., Item Number 5479A, in the Department of Health Services' Emergency Medical Services (EMS) Agency at an annual salary of \$163,455.18 (\$13,621.265 monthly). This requested salary represents a 3 percent annual Physician Additional Compensation bonus of \$4,381.20 (\$365.10 monthly), a 5.5 percent annual Board Certification bonus of \$8,273.16 (\$689.43 monthly) and a 3 percent annual physician specialist bonus of \$4,760.83 (\$396.735 monthly). This position is fully funded in the Fiscal Year 2003-04 budget. The Department would like to make this appointment as soon as possible.

The Chief Physician II, M.D. serves as the Medical Director of the EMS Agency as mandated by statute and is responsible for providing medical direction and management of the EMS system. The Los Angeles County EMS Agency is the largest multi-jurisdictional EMS system in the country consisting of four paramedic provider agencies, 82 9-1-1 receiving hospitals (of which 21 are base station hospitals, and over 18,000 EMS personnel. This position is essential to ensure compliance with statutory and regulatory requirements of Health and Safety Code 1798 and Title 22.

The EMS Medical Director receives administrative direction from the EMS Director and medical direction from DHS' Director and Chief Medical Officer with advisory input from the Medical Council, which is comprised of medical representatives of all system constituents. Designated to provide for emergency prehospital medical care and disaster services, the Countywide EMS system is a coordinated composite with sub-elements of public education and information, communication, EMS reimbursement programs, emergency and non-emergency medical transportation, medical care, the trauma hospital system, coordination of the patient transfer system, certification/accreditation of prehospital personnel, paramedic services and training, emergency medical training and approval of EMS training programs.

Efforts to select a qualified candidate have included placing position vacancy notices in applicable physician journals and also mailing them to members of the California Chapter of the American College of Emergency Physicians. Approximately one year ago a qualified candidate declined the position because he stated that the salary was inadequate. Dr. Koenig is one of the two most qualified candidates on the current certification list because he possesses "substantial experience in the practice of emergency medicine" as required by Division 2.5 of the Health and Safety Code. Although the requested salary will be approximately 44% less than his current salary, Dr. Koenig welcomes the opportunity to have a greater countywide impact on medical care provided in the prehospital care setting while benefiting from the County's retirement plan.

Dr. Koenig is Board certified in Emergency Medicine and has over 27 years of experience in emergency medicine and EMS system leadership which includes both private practice and previous employment with the Department of Health Services as the EMS Director from 1987 to 1993. Dr. Koenig is currently the Medical Director of the Emergency Department at Long Beach Memorial Medical Hospital, a Level 2 Trauma Center and the Medical Director for the Sierra Sacramento Valley EMS Agency, which encompasses five counties. He is also the Medical Director for Mercy Air Ambulance which provides emergency air ambulance coverage to Los Angeles, Riverside, Ventura, San Bernardino, Orange and San Diego Counties. Dr. Koenig is on the Board of Directors for the EMS Best Practices Newsletter, which is devoted to the promotion of best practices in emergency medical services through recognition and publication of model systems and on the Board of Directors for the Prehospital Care Research Forum, which is devoted to the promotion of research in prehospital care. Additionally, he has been a clinical instructor at LAC+USC Medical Center's Department of Emergency Medicine since 1984 and an examiner for the American Board of Emergency Medicine since 1981.

The salary requested for Dr. Koenig is commensurate with the scope and responsibilities of the Chief Physician II, M.D. position. He is highly qualified and possesses the special knowledge, skills, and experience to successfully perform in this critical and highly visible position.

If you have any questions or require additional information, please let me know, or your staff may contact Susan Montenegro at (323) 890-7903.

EXPERIENCE:

Medical Director • Emergency Department • Long Beach Memorial Medical Center • Long Beach California

9/1/1995 to Present

Emergency Physician, Board Certified, Long Beach Memorial Medical Center

10/1/1981 to Present

Memorial Medical Center is an urban tertiary medical center in Long Beach with over 700 beds. The Emergency Department serves over 55,000 patients per year. It is a Level 2 Trauma Center, sees over 15,000 children annually, and is affiliated with Memorial Women's Hospital. The Department serves as a Pediatric Critical Care Center receiving center. Responsibilities include overall management of the physicians staffing the emergency department, assisting with physician Continuous Quality Improvement, ensuring representation to hospital administration. Served as Assistant Medical Director from 1985 to 1991, and have been continuously employed since 1976. As President of Columbia Emergency Medical Group, have responsibility for hiring personnel and overseeing the budget for the corporation. Responsibility also included team building, liaison with hospital administration, and integration of the emergency department into medical center activities. Involved in direct patient care and resident teaching.

Employed continuously at Long Beach Memorial Medical Center Emergency Department since September 1, 1976

Medical Director • Sierra Sacramento Valley EMS Agency

4/1/1993 to Present

The Sierra Sacramento Valley EMS agency covers five counties with both dense urban and very rural areas and oversees 40,000 paramedic runs per year. The Agency is responsible for oversight of the EMS system, including trauma center designation, setting of pre-hospital standards, certification and accreditation of EMS personnel, and development and approval of treatment protocols and destination policies. The Medical Director is responsible for investigations and actions involving EMT credentialing. With the participation of a medical council, the medical director develops and approves pre-hospital studies and continuous quality improvement projects. The Medical Director provides advice to the Joint Powers governing board, and oversees the Disaster Medical operations of the EMS agency. Other areas of responsibility involve medical oversight of the professional staff, and serving as a liaison to hospital council and medical societies.

Medical Director - Mercy Air Ambulance

6/1/1994 - Present

Mercy Air provides emergency air ambulance coverage Los Angeles, Riverside, Ventura, San Bernardino, Orange, and San Diego Counties. It is one of the largest air ambulance providers in the country, and includes fixed wing coverage. Medical Director activities include program medical supervision, continuous quality improvement, and protocol generation and revision. The medical director provides advice to administration on areas of medical integration. Prior to this position served as Medical Director of Life Flight of Southern California.

Board of Directors - EMS Best Practices

2/1/1999 - present

This newsletter is devoted to the promotion of best practices in Emergency Medical Services through recognition and publication of model systems. It reviews improving efficiency and motivation in paramedic systems. Topics reviewed include scope of practice controversies EMS personnel, methods of approval and conduction trial studies. It serves as a forum for Emergency Medical Services, Fire Services, and Hazmat and has a national distribution.

Board of Directors - Prehospital Care Research Forum**3/1997- present**

The prehospital care research forum is devoted to the promotion of research in prehospital care. The forum delivers workshops on research methodology, publishes abstracts, and promotes evidence based methodology in the practice of emergency medical care. It has successfully delivered workshops through out the country on the proper methods for conduction of Prehospital care research. Participated in the development of the initial workshops delivered at EMS today program.

Clinical Instructor - LA County USC Department of emergency medicine**1984 to present****Examiner - American Board of Emergency Medicine****10/25/1981 to present****Chairman - Practice Advisory Task Force - American Board of Emergency Medicine****1999-2000**

The American Board of Emergency Medicine administers the ABMS certifying examination in Emergency Medicine. Responsibilities have included administration of the Oral Examination over 20 times, including responsibility for leadership of examiner teams. The Practice advisory task force participated in the overall revision of the Emergency Medical scope of practice, and gave the American Board input from a group actively involved in the practice of emergency medicine. The task force results were later published in the ANNALS OF EMERGENCY MEDICINE.

Chairman - State of California Emergency Medical Services Commission**1991-1993****Commissioner - State of California Emergency Medical Services Commission****1987-1993**

Represented the American College of Emergency Physicians to the Commission, which serves to advise the State EMS Authority on statewide emergency medical issues. These issues involve paramedic licensure and certification, and evaluation of system wide components of Emergency Medical Services. The Commission reviews and approves state guidelines and regulations. As chairman, responsible for developing the agenda in conjunction with the EMS agency and overseeing the meetings. Paramedic regulations were reviewed and approved during my commission service.

1991-1993 1987-1993**Past Chair - Emergency Medical Services Medical Directors Association****1985**

This association is recognized in State Statute and advises the authority on emergency medical services issues and has responsibility of overseeing projects proposed by EMS agencies. Serve as a current member.

Past Medical Director - Los Angeles County Emergency Medical Services Agency**1987-1993**

The Los Angeles county EMS Agency oversees the largest EMS system in the world with over 2500 paramedics and 80 receiving hospitals. The medical director is responsible for system medical direction, approval of policies and procedures, disaster oversight, and protocol development. Responsibilities also included developing and maintaining overall system quality improvement and proper management of medical supplies and pharmaceuticals. The overall system improvements, including implementation of trauma systems and pediatric critical care systems, also fall under EMS agency purview.

Chairman - Scope of Practice Committee, State of California**1993-1999**

The scope of practice committee reviews all aspects of the paramedic scope of practice in the State of California, and determines medical appropriateness of treatment modalities in the state. It is responsible for ensuring adequate documentation and support in the literature for therapies used in the prehospital setting.

Oversight Advisory Committee - Pediatric Airway Management Project**1993-1999****Medical Editor - Journal of Emergency Medical Services****1985-1998****Medical Director - Michael Criley Paramedic Training Institute****1981-1985****Board of Directors - California Chapter,
American College of Emergency Physicians****1984-1987
1997-1999****Vice President - California ACEP****1985-1987****Chairman - EMS Committee - California Chapter ACEP****1983-1988****Editorial Review Board & Emergency Medical Abstracts****1976-1985**
